

Available now on your Android™ phone!

Daddy511 - Contraction Timer & Pregnancy Tracker

The must have mobile app for expecting parents. Available on Android now!

Daddy511

Daddy511 makes it extremely easy to time contractions and also provides useful information about the pregnancy. Daddy511 is aimed to help assist timing contractions and also provides guidance on the proper time to go to the hospital when expecting a child.

Meditation Plugin Released for Lightning Bug!

by 1908 Media, September 19, 2010

We continue to work hard to improve Lightning Bug and add more plugins! Our latest addition, Meditation Plugin, contains 8 scenes and 19 sounds and is available in the Market. What's inside the new plugin? – 8 new scenes (2space, 3rd Eye, Buddha Moon, Stonehenge, Lotus, Chefren's Pyramid, Salt Flats, Buddha Tree) – 19 new [...]

Lightning Bug version 2.3 is now in the market!

by 1908 Media, August 30, 2010

Lightning Bug version 2.3, available now in the Android Market, is another release all about the fans! We went through hundreds of your emails and comments in the Android Market, came up with a list of the most requested features, and got cracking on the 2.3 build. We get tons of requests for new scenes [...]

Lightning Bug 2.2 – Fix for Froyo

by 1908 Media, August 15, 2010

We recently started getting complaints from users that followed the form: “I just installed the Android 2.2 update [aka, Froyo] on my phone and Lightning Bug now force closes as soon as it opens!” First, rest assured we do, in fact, test every release of each of our apps on as many platforms as we [...]

Alarm Issue Fixed in Lightning Bug 2.1

by 1908 Media, July 23, 2010

Shortly after we launched Lightning Bug 2.0 we started to get quite a few email about issues with the alarm. First off we totally understand how frustrating an alarm problem can be and we apologize for the inconvenience. Despite the numerous reports we've received on this issue and despite all the testing we've done we [...]
